

Racism Isn't Over - Fight Back

Sign the pledge:

I acknowledge that racism is an everyday reality, that white privilege exists, and that it is my duty to make the United States a more just and equitable place in my lifetime!

Something is wrong when thousands of resumes are mailed to employers with identical information and black-sounding names are 50% less likely to get a call back. Something is wrong when black people are charged prices roughly \$700 higher than white people when buying cars. Something is wrong when black drivers are twice as likely to get pulled over by the police and black male teens are 21 times more likely to be killed by cops than their white counterparts. Something is wrong when black people are incarcerated at nearly six times the rate of white people.

And something is terribly wrong if we stand by and continue to let this happen.

Let's work together to open eyes to the brutal reality of racism and make some real change in this country.
